

Easy access to Labor and Employment laws portal on the go

“WinWire delivers on time, their product development is absolutely remarkable and streamlined. They are extremely professional and have impeccable project management capabilities.” – Chief Knowledge Management Officer, Law Firm.

The Customer:

The customer is one of the largest US Law Firms and lobbying group with offices in Southeastern United States and Washington D.C. For more than 120 years, they have built a reputation for achieving results for their clients on a wide range of legal matters.

The Challenge:

The customer wanted to develop a cross platform application which would act as a one-stop mobile point of reference for announcement and updates on the Labor and Employment Laws.

Key requirements included:

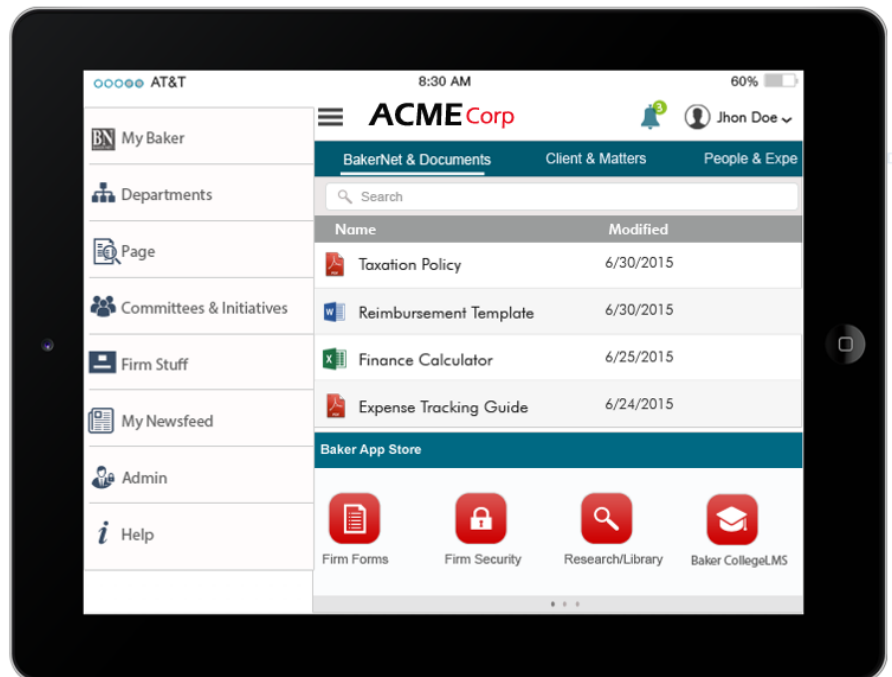

- Develop a mobile application that would render easy navigation and access in mobile devices running iOS (iPad & iPhone) of the Labor and Employment Laws portal.
- Allow users to view and share content via Email.
- Allow users to view Attorney profiles and contact them.
- Design UI/UX to enable intuitive navigation across different mobile devices

The Solution

WinWire Mobility Architects and Project Managers worked closely with IT & Business to implement the knowledge management platform, which provides easy access of the content to clients across the country.

- Designed flexible information architecture which made content **easily searchable** and can accommodate ever expanding /changing content about various State Labor and Employment Laws.

- Created a Cross Platform mobile application using Titanium Studio that uses single code base for easy maintenance, enhancements and extension to other platforms like Android.
- Utilized existing SharePoint application and out of the box web services for the mobile app.
- Provided simple and user-friendly experience on mobile devices.
- Provided offline availability of downloaded content.

The Benefits:

- Met organization objective to promote efficiency and guide clients through intelligent knowledge management by understanding and applying technology.
- Provided **easy access** to Labor and Employment Laws to users on their mobile devices.
- Provided **offline access** to downloaded content on the go.
- **Increased consumption** of Labor and Employment Laws content from the portal.
