Key Deliverables

Customer Story

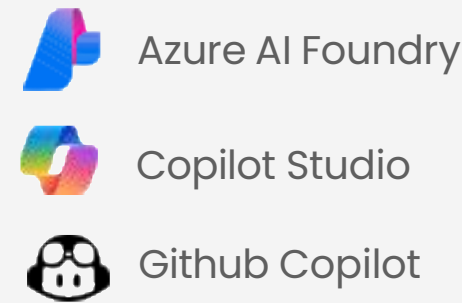

Agentic AI Powered Accounts Payable

A leading global enterprise faced mounting inefficiencies as its Finance team struggled with over **10,000 supplier queries** related to purchase orders and accounts payable.

WinWire deployed **PaySmart: Accounts Payable Optimization Agentic AI System**, automating supplier payment workflows and query management. The solution **improved efficiency by over 25%**, reduced **manual responses by 40%**, and strengthened supplier engagement through faster, more reliable interactions.
